INTRODUCTION

We came to the realization that the passion people have for their nails knows no bounds, therefore we made the decision to offer customers and salon professionals a professional line of nail products that were in line with the most recent nail trends.

After traveling to nations with a thriving nail industry, we learned more about nails. We created a high-performance line of nail products that can satisfy the demands of this steadily expanding nail business at the best feasible pricing following ongoing consultation with nail technicians and salon owners.

We want your Nails to serve as an expression of who you are, your passions, and what makes you special. After all, we are all unique and special in our own peculiar ways. Don't be scared to highlight it and serve as an example to other women, proving that being authentic is always worthwhile. Use bright lick gel polishes to complete the festive feel of your lifestyle. Are you an adventurous traveler who enjoys discovering remote regions of the globe? Do you love freedom, have passions, and have the word "sport" is your middle name? Or perhaps you adore the fascinating city and all its secrets? Don't be scared to experiment when creating your own neon hybrid manicure.

Lick gives you everything you need to start a nail salon, including training, business advice, and marketing strategies. We are aware of the needs of salons. The skilled team at Lick is well-versed in the nail industry and contemporary nail trends.

WE VALUE PRESERVING TIES WITH SUPPLIERS
AND CUSTOMERS.

HOW TO USE?

Step 1

Prep you nail by cutting the extra length and then shape them as you desire.

Step 2

Apply cuticle oil to loosen the cuticles, which will help in allowing your nail bed to be more exposed to gel polish

Step 3

Gently buff your nails and remove the unevenness and blemishes

Step 4

wipe your nails with rubbing alcohol

Step 5

apply base coat, you can't skip this crucial step of applying a base coat. Without a base coat, your gel nail simply won't adhere to your nail bed.

Step 6

apply the top coat, which will ensure that the cover you're about to apply protects all the work you've done on your nails

and cure under UV lamp for 60 seconds.
